10/04/2004 | VIETNAM / TRANSNATIONAL RADICAL PARTY:
 400 MONTAGNARDS KILLED. URGENT INTERVENTION BY
 THE INTERNATIONAL COMMUNITY IS NEEDED.

**REPORTS COMING DIRECTLY FROM VIETNAM TO THE MONTAGNARD
 FOUNDATION CONFIRM THAT HUNDREDS OF THOUSANDS OF PEOPLE ARE
 CURRENTLY STAGING PEACEFUL DEMONSTRATIONS IN THE FOUR PROVINCES
 OF PLEIKU, KONTUM, GIA LAI E DA LAT IN THE CENTRAL HIGHLANDS OF
 VIETNAM.
 THE REPRESSION BY THE VIETNAMESE GOVERNMENT HAS ALREADY LED TO THE
 DEATH OF AROUND 400 MONTAGNARD IN THE CITY OF BUON MA THOUT AND TO
 THE DISAPPEARANCES, ARRESTS AND HURTING OF HUNDREDS OF PEOPLE IN
 THE OTHER PROVINCES.**

Today in the Central Highlands 150,000 of Degars arrived in the city of Buon Ma Thuot to stage peaceful demonstrations to call on the Vietnamese authorities and the international community for the respect of their fundamental rights. Most of them got out of the city because many were killed or had their legs and hands broken by the betings of the Vietnames soldiers and police.

The Vietnamese soldiers, mixed with police and Vietnamese civilians, beat the people with electric baton, throwing rocks, shoot with rifles and cut off people heads with knives. Around 200 dead bodies still were left in the city and in the coffee plantation.

In the **district of Ayunpa** the Montagnards came to town from every direction and were around 100,000 to demonstrate in the city. When the first people started the demonstrations some of them got hurt because of beating from the police and soldiers but after a while the police stopped because there were too many people in the town.

In **Plei ku city** we don't know how many people came out of their villages to demonstrate because we lost communication but others were still coming out of their villages and we might find out the number later.

In **Kontum city** also it is not clear how many people participated in the demonstration because the communication was lost.

In **Da Lat city** many people participated in the demonstrations but it is not clear how many of them.

In the **city of Phuoc Long** 20,000 Montagnards demonstrated and many of them got hurt but it is not known how many because we lost the communication.

In the **district of Cu Jut** there were 3,000 people demonstrating and around 60 of them were arrested and taken away dead because of beating from the soldiers and Vietnamese civilians.

In the **district of Dak Mil** 2,500 people participated the demonstration but we don't how many get hurt because we lost the communication.

The Transnational Radical Party, after few days from the commemoration of the genocide in Rwanda, is calling on the Italian Government, the European Commission, the European Council, the US Department of State, the UN High Commissioner for Human Rights and all the UN Agencies for their immediate intervention to stop the brutal repression that the Vietnamese government is perpetrating against the Montagnard people.
