Subject: The Gathering Place/Winn-Dixie

Vin –

As you were speaking in our staff meeting last night (10/31/07) and talking about The Gathering place and how it will be used for all of the ministries God has been forming together, I saw a vision of a heart. The Lord was showing me that when all of these ministries come together under one roof (the Gathering Place) with one vision the heart of this region was beating together and it was our Fathers heart. He was also showing me, how the heart has 5 valves and each valve will represent a church that will be joined with WOCIC. He was sharing with me that each church represented was a different part of His body in the ministry and how the veins in the body are all attached to the heart and pulsing together.

I'm excited and looking forward to seeing all of this unfold right before us.

Blessings,
Karen
